This year, as in former years, Mrs. Wilson enjoys the distinction of making the President's Christmas Cake, using Calumet Baking Powder.

Mrs. Wilson's Baking Motto is: "To have complete success with no failures, care should be used in selection of Baking Powder."

CALUMET BAKING POWDER

Some little time ago I made a careful study and investigation of the baking powder subject and I feel fully repaid. I am firmly convinced from the results I have received that there is no baking powder to equal Calumet for wholesomeness and economy, and I also recommend Calumet Baking Powder for its never failing results.

December 9, 1913. Mrs. Betty Lyler Wilson.

Calumet also received the Highest Awards at the World's Pure Food Exposition, Chicago and Paris, France, 1912.

Buy a can of Calumet Baking Powder at once, and use it in your Holiday Baking, making your Christmas Cakes as good as the President's.

WORDS FROM HOME

Statements That May Be Investigated.

Testimony of Anadarko Citizens. When an Anadarko citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of an Anadarko resident. No stronger proof of merit can be had.

Mrs. Cora A. Johnston, Main St., Anadarko, Okla., says: "I am well aware of the merit of Doan's Kidney Pills and I am free to say that they did one of my family a world of good. The one to whom I refer had weak kidneys for years and used various remedies and tried other means to get a cure but failed. As soon as Doan's Kidney Pills were taken, relief came and it was not long before the kidneys were normal."

SUCCESSFUL FARMING ON SMALL AREA

What Efficiency and Pluck Can Accomplish.

By W. B. MERCER, Farmer and Live Stock Raiser. A striking example of what can be accomplished on a small acreage well handled came under the writer's observation a few years ago.

A newcomer landed in a small town in an all cotton section about the time cotton growing was at its lowest ebb. The farmers naturally were looking for some new crop to substitute for cotton, and tomatoes were selected. The people went wild, and all decided to put in a large acreage, the newcomer with the rest. A majority knew nothing about growing the crop from a market standpoint and less about handling it. A small crop poorly packed of an inferior grade and miserably handled resulted in an absolute failure involving every one in debt.

The newcomer had just bought on credit thirteen acres of land, with a cabin on it, and at the end of the season he was involved for more than \$3,000. What to do was a serious question. He was too poor to move and had not even the necessities of life to begin another season on. Having a good reputation for honesty, energy and perseverance, he determined to fight it out.

A Friend to the Rescue.

A business firm offered to furnish him a limited amount with which to start again. A gardener and trucker by nature, he decided to continue this line of farming. The previous year's experience had taught him not to depend on one crop, so radishes, cabbage, beans, peas, tomatoes, cantaloupes and other crops were planted on a small scale to furnish ready cash. He also set out a strawberry patch, a fruit orchard, planted early corn, sugar cane and sweet and Irish potatoes. Everything did well that year, and the second year strawberries, cabbage, tomatoes and potatoes were selected for main crops, still growing enough vegetables to supply local demand and a little to ship when prices were good. He shipped nothing but the very best; sold culls and inferior stuff to local trade or fed it to stock. He then established a regular line of customers in the nearby towns and cities who handled his stuff at fancy prices throughout the season. When his name appeared on a package it sold for a good price, while other growers' stuff went to waste for want of buyers. In less than ten years he had paid for the land, wiped out all debts, built a comfortable home, a splendid barn, etc., and had a bank account of several thousands.

New State Tea

The Delightful Drink

Fragrant as the new blown rose. In the Orient, where the best tea is grown, the gardens yield two and sometimes three crops or pickings from the same plant. The first picking is in May. The young leaves are tenderest, full of fragrance and strength. The tea which is brewed from them is clear and pure. The later pickings are heavier and have not the natural sweetness of the first crop which makes tea one of the most delicious of beverages. You can always get the early May picking of Orient Tea if you buy the sanitary packages of

New State Tea (the finest produced) or Louis Tea (high grade—popular priced)

which is packed in sanitary air-tight packages in China and Japan and is opened in your kitchen. Select your favorite variety of New State or Louis Tea. Gunpowder, Imperial, Basket Fired Japan. Look for them on your grocer's shelf. Ask him—Insist upon them.
